The following members were absent: None

3. Old Business

- a. Approval of Minutes:** The Committee will consider and may approve the minutes from February 23, 2022.

MOTION BY Vice Chair Stewart, SECONDED BY Committee Member Jara, to APPROVE the minutes of the meeting held on February 23, 2022. The motion carried unanimously.

b. Constitutional Amendment – At-Large Directors:

There was general agreement to add the two at-large director positions, one representing jurisdictions under 20,000, and one representing jurisdictions greater than 20,000, which aligns with the AMCA's membership categories. The President, Vice President, and Secretary will appoint individuals to these positions through an application process. This would give them the experience of serving on the Board and to determine whether they want to run for a higher office. The directors would serve overlapping, two-year terms.

c. Constitutional Amendment – Selection of Executive Board Members:

- Recommended retaining a partial ascension model, from Secretary through President. With the Immediate Past President position reassigned, incumbents would have a minimum two-to-three-year commitment—longer should they decide to run for multiple terms or offices.
- A considerable number of the respondents would be willing to serve as Secretary but would not want to serve as Vice President or President. Leaving the Secretary as part of the ascension would continue to deter potential candidates.
- Another alternative is to have separate elections for Secretary and Vice President. The Vice President would serve a one-year term, then automatically ascend to President. The Secretary would serve a two-year term, but they would not have to ascend to a higher office.

MOTION BY Vice Chair Stewart, SECONDED BY Committee Member Garcia, to RECOMMEND to the Executive Board that the AMCA Constitution be amended to change the selection process for the Board as follows: 1) that the Vice President be elected to serve a one-year term and shall automatically ascend to President for a one-year term; 2) that the Secretary be elected to serve a two-year term but shall not automatically ascend to Vice President. The motion carried unanimously.

The Committee reviewed other provisions of the Constitution and made edits to those sections affected by the proposed changes:

- As the person with potentially the most tenure on the Board, the President is the best person to preside over elections and/or the selection of Board members.
- **One candidate or no candidates for Vice President/Secretary:**
 - If only one individual runs for Vice President or Secretary, the Board may appoint that person by affirmation.
 - If no one runs for either position, the Board may fill it through a separate application process.
- **One applicant or no applicants for Director:**
 - If only one candidate applies for either Director position, the Board may appoint that person by affirmation.
 - If no one applies for either position, the Board may fill it through a separate application process.
- **Vacancies:**
 - If the President resigns or is unable to complete their term, the Vice President shall immediately ascend to President to complete the current term, and they shall serve an additional year as President. The Board would hold an application process to fill the vacant Vice President position.
 - If either the Vice President or the Secretary resigns or is unable to complete their term, the Board would hold an application process to fill the vacant position.

- If a Director resigns or is unable to complete their term, the Board has the option to select a replacement from the remaining applications received during the most recent appointment process, or they may request additional applications from AMCA members.
- If the Vice President and Secretary positions are vacant at the same time, the incumbent President will remain in office for an additional year, and remaining Board members will hold an emergency application/election process to fill the positions.

Chair Jones committed to cleaning up the edits to the Constitution and sending it to the Committee for review.

4. Items to be communicated to the Communication Committee

There is nothing to report to the Communications Committee at this time. Co-Chair Stewart suggested working with the Communication Committee to assist with getting more member participation.

STRATEGIC PLAN

2017-2022

Message to the Arizona Municipal Clerks' Association

The Strategic Planning Committee respectfully submits the following document to the Arizona Municipal Clerks' Association (AMCA) Board for review, editing, adoption and implementation.

The process has been a long one with a great many of hours of work by members of the committee. We believe that we have captured and quantified the needs and wants of the members as they exist today.

A Strategic Plan is meant to be, and must be treated as, a fluid document, subject to change in response to a dynamic environment. It is a roadmap to the attainment and allocation of resources and assets for goal achievement. The Strategic Plan requires our clerk community to unite in support of a successful plan.

This strategic plan outlines the goals and expectations of the members of the organization as they exist now. Regular surveys should be sent to the membership to check satisfaction and update the goals and plan. Are we doing things right? Are we clear about organizational goals? Are we aware of accessible resources? Do we know how to approach and measure success?

It is the recommendation of the committee, that if not yearly, then at least every other year, a committee be established to survey the membership and update this plan to reflect the current needs and wants of the membership. Additionally, a SWOT analysis should be completed to determine any changes and provide a framework for the needs of the organization. The implementation of the plan is now in the hands of the Board and subsequent committees. Key areas should be distributed to existing committees for execution of specific goals that correspond to the description of the committee (Exhibit A). Additionally, the plan should be shared with the membership after adoption on both the listserve and on the AMCA website.

Respectfully,

Darcie McCracken, Chair

Mission

Vision

Objectives

AMCA Mission Statement (From Handbook)

AMCA was founded in 1961. Our mission is to promote excellence and professionalism through support, communication and educational opportunities for each member. AMCA is committed to maintaining a high standard of leadership, respect, and integrity in all aspects of our operations and in our professional and business conduct. We strive to reflect the highest ethical standards in our relationships with members and provide educational and networking opportunities for the betterment and enrichment of the “Clerk” profession.

No changes.

AMCA Vision:

The Arizona Municipal Clerks’ Association offers educational opportunities, networking solutions and mentoring to its members to promote professionalism, leadership and proficiency to the clerk profession.

The second line was changed from “members to promote professionalism” to “members in order to promote professionalism.”

Board Action Required.

AMCA Objective Statement: (From Constitution)

To promote improvement and efficiency in the operations and administration of the municipal clerk’s office in each of the cities and towns of Arizona by:

(a) Promoting cooperation between the municipal clerks by the interchange of their experiences and methods of conducting their respective offices, to the end that each may profit from the experiences and methods of the others; and

(b) Promoting periodic conferences or meetings of the municipal clerks of the cities and towns of Arizona for discussion of municipal problems and, by research, finding solutions for the same

A change to the Objective Statement would require a change to the Constitution. This would need to be discussed by the Constitution Committee and approved by vote of the membership. It was suggested that section (b) be more general. Also changing the words conferences or meetings to education or learning was discussed. AMCA President Sue Stein will task the Constitution Committee with looking to make this change.

Board Action Required.

AMCA Strategic Plan

About the Plan

The Arizona Municipal Clerks' Association strategic plan is designed to support the AMCA Board and the Members and assist in understanding and communicating the short and long-term goals of the AMCA Association. This plan is intended to align, focus, and engage every member in common goals and ensure seamless transitions when the leadership baton is passed yearly. The Plan maps the future, guides decision-making and resource allocations, and requires the involvement of all stakeholders.

The 2015-2016 AMCA Board embarked on a strategic planning process to establish a pathway for the future success of the association and the profession. The AMCA Board will work with the designated committees to achieve and maintain the established goals.

Assessment

The AMCA Strategic Plan will evaluate conditions to help determine the AMCA 2016- 2021 goals. The SWOT analysis is included as Exhibit C to the report.

Issues Facing the Associations

The Strategic Planning Committee reviewed the SWOT analysis and devised a clear list of issues facing the AMCA organization. At the November 14, 2016 meeting the Committee determined the top issues facing the organization and from that list established a three to five-year action plan.

Exhibit C – SWOT Analysis

SWOT is an acronym for Strength-Weakness-Opportunities-Threats. By definition, strengths and weaknesses are considered to be internal factors over which the organization has some measure of control. Also by definition, opportunities and threats are considered to be external factors over which the organization essentially has no control, but can capitalize upon and mitigate (respectively) when these are recognized. The SWOT analysis is a well-known tool for audit and analysis of the overall strategic position of an association and its environment. Its key purpose is to identify the strategies that will create a business model that will best align an organization's resources and capabilities to the requirements of the environment in which it operates. It is the foundation for evaluating the internal potential and limitations and the possible opportunities and threats for the external environment in the decision-making process. An overview of the four factors follows:

Strengths: Strengths are the qualities that enable the accomplishment of an association's mission. They serve as the basis upon which continued success can be achieved and sustained. Strengths can be tangible or intangible. Strengths include areas in which you are well-versed and have expertise, the traits and qualities of the team members, and organizational consistency. Strengths are the beneficial aspects or capabilities of the organization, which include human competencies, committed members, process capabilities, financial resources, products and services, customer goodwill, and brand loyalty.

Weaknesses: Weaknesses are the qualities that prevent an organization from accomplishing the mission and achieving its full potential. Weaknesses deteriorate association success and growth and are factors that do not meet acceptable standards. Some examples are insufficient resources, lack of time, poor decision-making, lack of communication, etc. Weaknesses are controllable and must be minimized and eliminated.

Opportunities: Opportunities are presented by the environment within which an organization operates. These arise when an organization can benefit from conditions in its environment to plan and execute strategies that enable it to become more valuable.

Threats: Threats arise when conditions in the external environment jeopardize the reliability and success of the association. Threats compound the vulnerability when they relate to the weaknesses.

ELECTION OFFICIAL CERTIFICATION/RECERTIFICATION PROGRAM

The Certified Municipal Election Official designation was developed in 1993 by the AMCA, in conjunction with the League, to provide training in the area of municipal election administration. At that time AMCA members were not permitted to attend the Election Training provided by the Arizona Secretary of State's Office. While that has changed and AMCA members are encouraged to attend the State training for an overall understanding of the election process, it was determined that training for AMCA members is still important since the state law and training focus is on statewide, partisan elections. The Election Certification Program provides members with the means to obtain status as a Certified Municipal Elections Official through a three-year program of formal and documented instruction specific to state and local election laws. Recertification is required every four years by meeting the recertification standards as outlined in the policy.

Initial Certification:

The AMCA Election Training is provided annually (usually in conjunction with the AMCA Annual Business Meeting and Conference).

To become certified, a member must complete 31.5 AMCA Election Training hours AND thereafter pass the accompanying Election Exam with a 90% pass rate within 5 years. Election Certification is valid for four years from the initial certification date.*

The Elections Certification exam will be administered by the League at the conclusion of the AMCA Annual Elections Training for those individuals that have completed the required hours of training. The exam may also be taken by the use of a proctor within 30 days following the Annual Elections Training for those seeking certification or recertification. Proctors are to be an AMCA member who is currently a certified elections specialist by the Secretary of State or League, a librarian or similar professional. The proctor will be responsible for verifying the identity of the examinee, ensuring the examinee takes the online test, and submitting an AMCA Elections Certification Exam Test Taker/Proctor Agreement Form to the League. The proctor will not make any copies, distribute or discuss the context of the exam, ensure the test taker upholds the ethical standards of AMCA, and not assist the test taker with any of the questions on the exam.

If a member fails to achieve a 90% pass rate, retesting may occur following the next Elections Training in the same fashion as described above.

Recertification:

For those seeking to maintain their Certified Municipal Election Official certification status, within the four years after achieving initial Certification, members must complete one of the following:

- Complete 21 hours of election trainings*; OR
- Complete 10.5 hours of election trainings* AND take the AMCA Elections Exam with a 90% pass rate.

If recertification is not completed within four years of the initial certification date and recertification not obtained, a member must complete the initial certification process to achieve certification.

*Elections trainings can consist of any combination of election education sessions provided by the AMCA Annual Elections Training, AMCA Best Practices, or the Secretary of State’s Election Training. Supporting documentation should be provided as follows:

- AMCA training – A certificate reflecting the hours of elections training completed;

Secretary of State Election Training – A certificate that reflect hours completed, or for certificates that reflect days, a copy of the agenda should also be provided.

Notification:

The League shall:

- Notify each attendee of their election exam results/scores.;
- Notify the Education Committee of the names of the attendees that passed the election exam; and
- Prepare electronic certificates for those who passed the exam and upload them to the AMCA website.

Adopted April 2018; Revised February 2019

Records Policy:

All AMCA Records shall be maintained by the League.

Adopted January 2016; Revised September 2018

AMCA CONFERENCE CERTIFICATION PROCESS

The League shall send the Education Committee the final roster of confirmed attendees for the conference/training.

The Education Committee shall review the roster and assign the appropriate number of hours/credits to be awarded based on attendance and completion of assessment tools. The Education Committee shall forward the completed roster to the Membership/Mentoring Committee and the League who shall in turn prepare electronic certificates awarding the appropriate number of hours/credits and cause the certificates to be uploaded to the AMCA website for retrieval by the members.

Adopted January 2016; Revised September 2018

ELECTIONS POLICIES

Elections may be called as necessary by the Executive Board and may be conducted in person, electronically or by any other method as designated by the Executive Board. Notwithstanding, it is the intent of the AMCA to hold most elections electronically, so that members with voting rights who are not able to attend meetings in person shall be able to exercise their right to vote.

The League currently is the holder of the membership list and shall provide the list of voting members when requested for AMCA elections.

The Handbook and Constitution Committee shall determine what changes need to be made to the AMCA Constitution, if any, and propose them to the AMCA Executive Board at a regular Executive Board meeting.

The Executive Board may agree with all, portions of, or none of the proposed revisions and direct the Handbook and Constitution Committee accordingly until a majority of the Executive Board approves, denies or withdraws the proposed revisions.

Once a majority of the Executive Board approves the proposed revisions, the Handbook and Constitution Committee Chair or designee, shall draft ballot language outlining the proposed revisions, including the affected articles and sections, using legislative format (Strikethrough = deletions, ALL CAPS = insertions). Subsequent to each proposed revision to the AMCA Constitution, the following ballot language shall be included:

Do you agree with the change(s) to Article XX, Section XX?

Yes or No?

Election results shall be announced using the ListServ and/or any other communication method deemed appropriate by the Executive Board.

Changes to the Constitution require a 2/3 affirmative vote of those voting (AMCA Constitution Article V, Section A). If the vote is done electronically, the number of members who voted as well as the Yes and No votes, shall be presented to the Executive Board for adoption.

If the vote is to be done in person, sign-in sheets, containing an asterisk next to each voting member, shall be provided by the Membership Committee at the Annual Business Meeting. The sign-in sheets shall also allow space for determining whether a proxy has been properly designated pursuant to the AMCA Constitution. The Membership Committee shall issue each voting member, or properly designated proxy, a voting mechanism, such as a voting stick.

Prior to the commencement of each meeting of the membership, the Membership Committee shall determine the total number of voting members present, as well as the number of votes required in order to obtain a two-thirds vote.

When the membership votes on proposed Constitutional amendments, a designated member of the Membership Committee shall count each voting mechanism and compare it to the number required to obtain a two-thirds vote and verify whether the proposed Constitutional amendment has passed by a two-thirds vote.
