

Sent 10-19-15

Good afternoon & thank you all who responded to my question regarding printing and mailing of publicity pamphlets.

I received several responses stating that cities/towns are using Runbeck Election Services of Tempe.

The City of Phoenix uses Century Graphics located in Phoenix

The City of Glendale uses Gordon Graphics of Phoenix .

I also checked with my county Elections Director and the company they are now using, since Bill Doyle's retirement, was willing to perform this service for me. I did, however, discover that Bill only retired from working with counties and he is still working for individual cities and towns.

Thank you again for all of your responses and assistance!
